

Where Someone Cares

Where Someone Cares Annual Report 2015

Mission The Maliheh Free Clinic seeks to improve the quality of life in the Greater Salt Lake City Area by providing free medical services for uninsured and low-income individuals and families to help reverse the cycle of poverty and suffering created by poor health.

Who do we serve?

- **UNINSURED**
Do Not Qualify for Medicaid or Medicare
- **LOW INCOME**
Under 150% of Federal Poverty Guidelines
Total income of a family of 4 is less than \$35,325/year

0-18 years	12%
21-30 years	17%
31-64 years	66%
65+ years	5%
Employed	44%
Unemployed	54%
Unknown	2%

We Mentor

- Medical Students
- Nurse Practitioner Students
- Physician's Assistant Students
- Pharmacy Students
- Nursing Students
- Medical Assistant Students

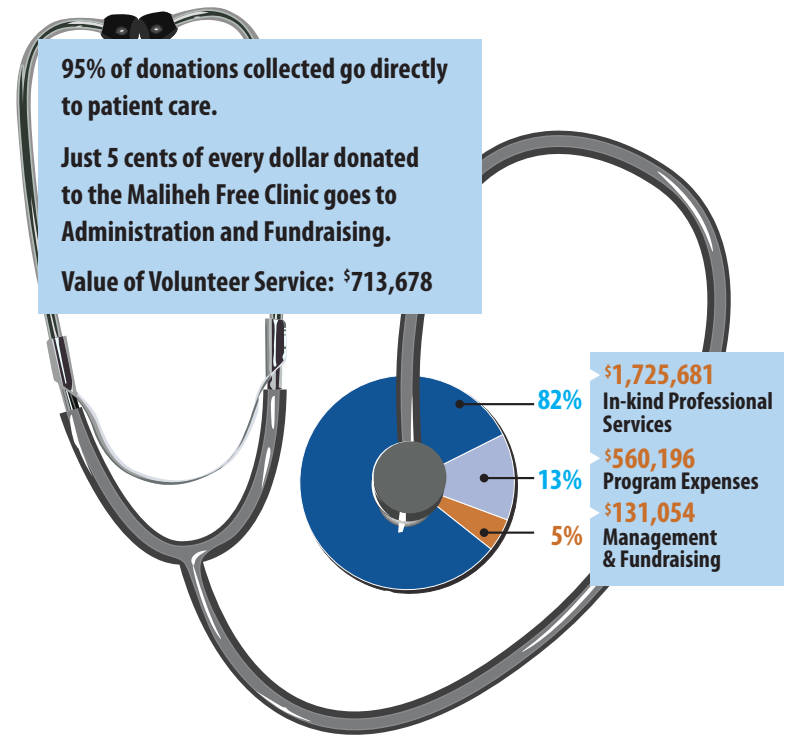

The Good Will Factor

Your donation of \$100 is matched by over \$300 in in-kind contributions of time, services, and medical supplies provided by your neighbors in our community to serve those in need.

Clinic Statistics 2015

- Total Patient Visits 16,166
- Cost per Patient Visit \$47.50
- Total **VOLUNTEER** Hours 27,170
- Physician **VOLUNTEER** Hours 5,896
- Nurse **VOLUNTEER** Hours 2,446
- Other **VOLUNTEER** Hours 18,828
(including interpreters, patient techs, phlebotomy, clerical, X-ray techs, etc.)

Ari's Story

Ari didn't know it but a lifesaving decision would make a huge difference in her life. Ari went with her mother to her sister's appointment with Dr. David Sandweiss, volunteer pediatrician, at the Maliheh Free Clinic. After examining her sister, Dr. Sandweiss asked her mother if she would like him to exam Ari, age two, also since she was there. Her appreciative mother said yes. In performing the examination, Dr. Sandweiss discovered Ari had an abdominal mass. The mass was confirmed via ultrasound, at the clinic, thanks to volunteer Ultrasound Tech, Liz Boulay, who was in the clinic that day. Arrangements were

then made for an immediate evaluation of Ari at Primary Children's Hospital. The doctors there found a Wilms Tumor on her left kidney. A week later she underwent a five hour surgery to remove the tumor, 12 lymph nodes and the kidney itself. Ari is a brave little girl. She experienced many pokes, ultrasounds, x-rays, oncological

visits, sores in her mouth, fevers, weight loss, and 18 weeks of chemotherapy among other things. December 30th of 2015 she was sent home **CANCER FREE!** Ari's family was very grateful and appreciated the Maliheh Free Clinic – so much so they held a fund raiser for the Clinic on Ari's Birthday. They collected children's toys, coloring books, crayons and art supplies, small dolls and stuffed animals to give to the other children who are seen by the Pediatricians at the clinic and raised \$425. They plan to make this an annual celebration for Ari's birthdays for many years to come.

The Maliheh Free Clinic offers a range of medical services, however, our primary focus is on health maintenance, patient education, and preventative care. We are the primary care providers for over 5,000 individuals in our community, providing regular visits, labs, screenings, childhood immunizations, and patient education.

- Adult and family medical visits
- Pediatric Care
- Assistance with Medications through Patient Assistance Programs
- Childhood Immunizations
- Specialist Services including: Cardiology, Counseling, Dermatology, Gastroenterology, Gynecology, Minor Surgery, Nephrology, Neurology, Oncology, Ophthalmology, Orthopedics, Podiatry.
- On-site laboratory providing a full range of lab tests
- X-ray and Ultra Sound
- Dental Services – limited to Adult Extractions
- Healthy Living Classes, Weight Loss Classes and Diabetes Education.
- Expanded hours including evening and Saturday appointments

The Maliheh Free Clinic is run by a core team of full-time and part-time professional staff, and many volunteer doctors, nurses, pharmacists, administrators, interpreters and other members of the community. We also draw on the medical expertise and resources of long time partners, including Intermountain Healthcare, the University of Utah, and major pharmaceutical corporations.

PREVENTIVE CARE SERVICES AVAILABLE

In 2015, the Maliheh Free Clinic expanded services to include additional preventive care for our patients. We now offer adult and child immunizations, and FIT test screenings for colon cancer. Additionally, twice a month, we hold a Women's Health Clinic for women in need of cancer screening services. At Women's Health Clinic we provide clinical breast exams, education, screening mammograms and pap smears to screen for cervical cancer and HPV, in a single visit. These tests are all provided at the clinic at no cost to the patient, thanks to the generosity of our community partners including:

Susan G. Komen Foundation – Utah, Mountain Medical, Utah Pathology Services, and Intermountain Healthcare, and Chapman Richards Cares. We even bring Mountain Medical's "Mammobile" (a mobile mammogram unit) right into the clinic's parking lot. Our Women's Health Clinic

has been successful in finding breast cancer in four women, in its earliest stages. These women have been referred to lifesaving treatment, through Intermountain Healthcare. Over 300 women are receiving services through this program each year.

The Maliheh Free Clinic was named in honor of Maliheh Abdollahi "Modar joon", grandmother of Mr. Khosrow B. Semmani, the benefactor of the Maliheh Free Clinic. Maliheh selflessly gave of herself to others so that their burdens might be lighter, their visions longer, and their dreams could be fulfilled. The Maliheh Free Clinic stands as a tribute to her. Through its service to the community, the memory of her kind and charitable spirit lives on.
